

SKILLED NURSING

At 1st Care At Home, we take pride in offering a comprehensive range of skilled nursing care services delivered by our dedicated team of licensed medical professionals, including Registered Nurses (RNs) and Licensed Practical Nurses (LPNs).

YOUR HEALTH IS OUR PRIORITY

Our goal is to provide you with expert care in the comfort of your own home, ensuring that your health and well-being are always a top priority.

Education on Wellness

Our skilled nursing team is equipped to provide you with vital education about disease processes, including personalized diet recommendations. We believe that knowledge empowers you to take control of your health journey.

Comprehensive Wound Care

Whether it's surgical sites, incisions, or complex wounds, our skilled nurses are trained to provide meticulous wound care and management to promote healing.

Medication Management

Managing medications can be complex, and our nurses are here to provide the support you need to ensure safe and accurate medication administration.

Nutritional Support

Our team offers tube feeding education and support to ensure proper nutrition for those who require this specialized care.

Specialized Fluid Management

From Total Parenteral Nutrition (TPN) and IV fluids to cardiac drips, our skilled team is experienced in managing various fluid needs to support your health.

Expertise in Medical Procedures

From foley catheter changes to cannula changes, our nurses bring their expertise to every medical procedure, ensuring your comfort and well-being.

Whether it's wound vac therapy, chest tube drainage, or any other specialized care you require, our skilled nursing team is here to provide compassionate and expert support on your health journey.
